- Ask them questions to understand their needs better while staying affable
- Use phrases like 'clear proof that', 'data shows' etc.

DONT's

- Don't try to rush them into a decision, provide all necessary information first
- Don't rely excessively on your relationship with them to win the deal
- Don't brush off any concerns, take all questions seriously

👉 When Cold Calling

Insights

Pattern Interrupt: Informal style, where you are talking in a friendly & casual manner, with a big smile on makes them want to speak to you.

Pace: Don't be too fast or too slow, stay in the middle. Sound like a 'brings happiness to others' person.

Tone: Speak with high energy and in a personal manner, as if you have met a friend suddenly after a long time.

Tactics To Win: Giving social proof, personal rapport, usage of superlatives, repeating their name.

Mistakes To Avoid: Information overload, use of negations

Making The Ask: Use positivity and/or humor to make the ask. It appeals to them, as if you are bringing a cheer to their day. (Avoid doing this with Dominant or Calculative types)

Subconscious Driver: They are driven by emotion more than any other type. Hence a proposition that excites them will immediately get their attention.

Script

Greeting: Hey Beatrice, [user_fname] here at [user_companynamewithfirsttwowords] calling you this morning/evening!

Introduction: We have built an AI that predicts exactly what will build a solid relationship with each prospect before you even spend a minute with them.
