

BEN DODD

Information Security at Fox Filmed Entertainment United Kingdom

Overview

Ben Dodd has a background in crucial technology roles at Fox Filmed Entertainment, with experience in both IT Infrastructure and Information Security. His career has focused on supporting and securing the technological backbone of a major player in the filmed entertainment industry.

👉 Topics They Care About

Entertainment IT Security

[Predicted] His role in Information Security at Fox Filmed Entertainment indicates a focus on protecting digital assets and infrastructure within the media industry.

Media Infrastructure

[Predicted] Based on his IT Infrastructure position at Fox, he is likely focused on the hardware, software, and networks that support film production and distribution.

Oracle Technologies

[Predicted] An expressed interest in Oracle, combined with his security background, suggests he may be focused on database security and enterprise solutions in a media context.

Film Industry Technology

[Predicted] His interest in a competitor like Sony Pictures Entertainment points to a broader curiosity about the technological shifts and trends across the entertainment sector.
