

JIANSHENG QIU

Quality Systems Director at Neogen Corporation
United States

Overview

Jiansheng Qiu is the Quality Systems Director at Neogen Corporation, leveraging 30 years of research experience in molecular biology and genetics. His career includes serving as Chief Operating Officer at GeneSeek. He earned his Ph. D. in quantitative genetics and a Masters degree from Auburn University, building a deep foundation in genomics and quality assurance.

He is actively involved in the international genetics community, serving on committees for the International Society for Animal Genetics (ISAG) and as a council member for the American Association of Laboratory Accreditation. This demonstrates a long-standing commitment to advancing the field of applied genetics and maintaining high standards in laboratory practices.

With numerous scientific publications, he has significantly contributed to research in areas like genomic prediction and molecular marker development in various species.

Topics They Care About

Genomic Quality Systems

As Director of Quality Systems at Neogen Genomics, he has deep expertise in managing quality assurance for genomics applications, aligning with ISO17025 guidelines.

Animal Genetics

He co-chairs ISAG committees on companion animal genetics and cattle markers, indicating a professional focus on applied animal genomics and parentage testing.

Molecular Biology

His Ph. D. and postdoctoral training at Auburn University were in molecular biology, and he has published extensively on molecular mapping and marker development.

Operations Management

His previous nine-year tenure as Chief Operating Officer at GeneSeek Inc. highlights a strong background in executive management and business operations.

Auburn Tigers

[Predicted] Having earned both his Master's and Ph. D. from Auburn University, he likely maintains a connection to the school and its athletics programs.

Media Appearances

Jiansheng has no verified media appearances

Work History

- 7-2010
Quality Systems Director at Neogen Corporation
- 8-2001 - 7-2010
Chief Operating Officer at GeneSeek Inc

Education

- 1988 - 1992
Doctor of Philosophy (Ph.D.) from Auburn University
- 1985 - 1987
Master's Degree from Auburn University
