👉 Personality Overview

Friendly But Slow **Requires Proof** **ROI Driven**

They are often friendly and nice, but can sometimes surprise you with their piercing questions. They are unlikely to ever become strong champions even when the conversations are going well; you should focus on cultivating other champions. They typically tend to be late adopters even when they seem friendly and excited about what you have to sell.

Insights For Selling To Luis

👉 During A Call Or A Meeting

DO's

- Share testimonials from known people and give multiple examples of product value
- Help them understand the risk aspect fully while inspiring confidence
- Build rapport, it will come handy to handle hard questions later

DONT's

- Do not sound overly eager, modulate your energy levels especially if you are generally enthusiastic
- Avoid winging it with them particularly, answer a question only if you know the answer well
- Avoid phrases like 'trust me', 'you will just love it' etc.

👉 When Cold Calling

Insights

Pattern Interrupt: Speaking in a slightly hesitant manner, and seeking their permission at the start through a negation can get you a chance.

Pace: Speak slightly fast, especially if you tend to be calm and confident. Sound like a 'knows their domain' person.

Tone: Keep your tone slightly apprehensive, as if you are a little unsure about calling them.

Tactics To Win: Use of negations, giving full information

Mistakes To Avoid: Use of superlatives, overusing social proof

Making The Ask: Use negations, it is extra effective with them. It gives them a chance to say no, they like doing that.

Subconscious Driver: They believe they know a lot, so it needs to make sense as well as make them curious. They need to think that it is something worth investigation.

Script

Greeting: Hi Luis, this is [user_fname] at [user_companynamewordstwowords].

Opener: You probably don't want to be on this cold call, would it be a problem if I asked for 30 seconds of your time?

Introduction: My company has leveraged 30+ years of research to build an AI that can predict anyone's personality, behavior and decision-making style before you even spend a minute with them.

Ask: Companies like [abc], [xyz] have been able to move [KPI1] by X% and [KPI2] by Y%. Would it be too much to put 15 minutes on your calendar to share why this could be high ROI for you?

Close: Can I suggest [time1] on [date1]? Or would you prefer any other slots? And [prospect_email] would be the right email ID for you?
