

THOMAS SCHMID

Vice President Supply Chain Reinvention NA at Mondelēz International

Jersey City, New Jersey, United States

Overview

Thomas Schmid is the Vice President of Supply Chain Reinvention for North America at Mondelēz International. He has been with the company for over a decade, previously serving as the Senior Director of Engineering for the Asia Pacific region, demonstrating extensive experience in engineering and supply chain management across different continents.

Topics They Care About

Supply Chain Innovation

His current role is focused on the "reinvention" of the supply chain for a major multinational corporation, indicating a focus on modernization and new strategies.

Engineering Management

Previously served as a Senior Director of Engineering, overseeing this function for the entire Asia Pacific region at Mondelēz International.

Global Logistics

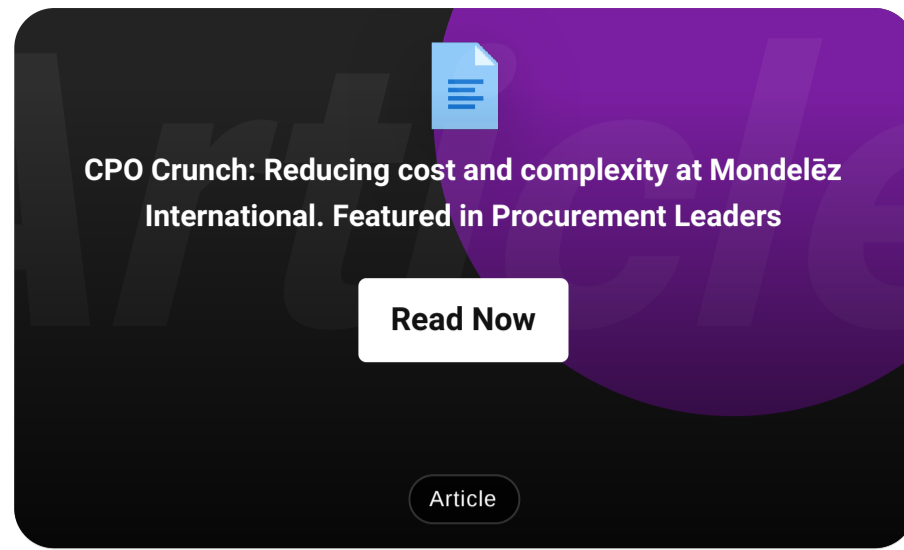

[Predicted] His career has spanned leadership roles in both North America and the Asia Pacific, suggesting a deep understanding of international supply chain complexities.

Food & Beverage Industry

[Predicted] His long-term career at Mondelēz International indicates a specialized expertise within the food and beverage sector's supply chain.
