Insights For Selling To Tom

👉 During A Call Or A Meeting

DO's

- Ask them how their day is going or exchange some other pleasantries
- Speak from experience about success that the product has seen with other customers
- Compliment them about their personality if you get a chance

DONT's

- Don't push them for a direct 'no', take lack of 'yes' as 'no' after some time
- Don't be too formal with them, they trust informality more
- Don't be critical or challenge them openly, they can react defensively

👉 When Cold Calling

Insights

Pattern Interrupt: Informal style, where you are talking in a friendly & casual manner, with a big smile on makes them want to speak to you.

Pace: Don't be too fast or too slow, stay in the middle. Sound like a 'brings happiness to others' person.

Tone: Speak with high energy and in a personal manner, as if you have met a friend suddenly after a long time.

Tactics To Win: Giving social proof, personal rapport, usage of superlatives, repeating their name.

Mistakes To Avoid: Information overload, use of negations

Making The Ask: Use positivity and/or humor to make the ask. It appeals to them, as if you are bringing a cheer to their day. (Avoid doing this with Dominant or Calculative types)

Subconscious Driver: They are driven by emotion more than any other type. Hence a proposition that excites them will immediately get their attention.
