👉 When Cold Calling

Insights

Pattern Interrupt: Informal style, where you are talking in a friendly & casual manner, with a big smile on makes them want to speak to you.

Pace: Don't be too fast or too slow, stay in the middle. Sound like a 'brings happiness to others' person.

Tone: Speak with high energy and in a personal manner, as if you have met a friend suddenly after a long time.

Tactics To Win: Giving social proof, personal rapport, usage of superlatives, repeating their name.

Mistakes To Avoid: Information overload, use of negations

Making The Ask: Use positivity and/or humor to make the ask. It appeals to them, as if you are bringing a cheer to their day. (Avoid doing this with Dominant or Calculative types)

Subconscious Driver: They are driven by emotion more than any other type. Hence a proposition that excites them will immediately get their attention.
